

PORCH ANGEL MINISTRY

The OLYN Porch Angel Ministry came out of a need for outreach to our elderly, homebound, those recovering from surgery or those just having a tough time. Our own Director of Hospitality, Tim Calahan came up with the idea of providing meals. Pastor Jeremy gave the name “Porch Angels” to those folks who were delivering meals and devotionals each week. What started as a

group that would run errands, grocery shop or provide transportation to those shut in during the pandemic quickly grew to so much more. Since the shut down a year ago, Tim Calahan with assistance from Madelyn Rebman and his delivery team began preparing and giving away meals. Each Thursday, drivers take a hot, homemade meal to those in our church family wanting food, but more importantly our delivery teams provided a much-needed source of care and human contact. This quickly grew to include providing transportation to medical appointments and general “check-ins” with folks. We even had a group sew masks for the hospital staff to help preserve the N95 masks.

During Operation Love Your Neighbor 2021, the Porch Angels teamed up with the Children’s Ministry and Homeless Children’s Foundation (HCF) to prepare and deliver meals to those families being served by HCF. Fourteen moms and 40 children were served by our Children’s Ministry and the Porch Angels. In addition, the Porch Angels also went to several homes and did some minor maintenance/house repair. What a terrific ministry.
